Speaker Bios

Allen Gear currently is Principal at Risk and Security Solutions. He is recognized as an industry leader & expert in supply chain, cargo/transportation, facility & cyber security and Anti-Piracy and investigations. He spent most of his 24-year career at Microsoft leading the worldwide Supply Chain Security team and is responsible for CTPAT / AEO program/revalidations. He is a former TAPA Americas chair and longtime board member, Standards Trainer, and active on Standards Committee, Training, Parking, Gov't Affairs, Freight Broker & Parking committees. [LinkedIn - Allen Gear](#)

Curtis Salisbury is the Principal and Senior Investigator of The ICI Group – International Cargo Investigations, a specialized firm providing investigative and consulting services in cargo theft, transportation security, and risk assessment across the Americas. As a Spanish / Portuguese speaker, with more than three decades of work in LATAM and 15 years of experience as an investigator (straight and strategic cargo theft), he is recognized for his expertise in complex theft investigations, cross-border risk analysis, and law-enforcement collaboration throughout North and Latin America. [LinkedIn - Curtis Salisbury](#)

Greg Haber is an Electrical Engineer and veteran innovator in transportation security. He began his career developing early GPS-based safety systems that helped pave the way for OnStar, later leading major consumer-electronics design initiatives and earning more than two dozen patents. Since acquiring Babaco in 1999, he has focused on advancing durable, high-security solutions for the supply-chain industry as President and CEO. [LinkedIn - Greg Haber](#)

Brandon Arnold is Director of Business Development at LogistIQ Insurance Solutions, bringing nearly 30 years of experience across transportation, brokerage, claims, risk management, and logistics technology. He has spent more than two decades in brokerage leadership roles and is known for his practical, relationship-driven approach to growth and risk management. A licensed Property & Casualty insurance agent and Certified Transportation Broker (CTB), Arnold combines operational expertise with a deep understanding of the evolving risk landscape in freight and logistics. He currently serves as Past President and Conference Chairman of the Transportation & Logistics Council and has been an active member of the Transportation Intermediaries Association since 2006, including prior roles as Foundation Board Chairman and Treasurer of the TIA Executive Board. [LinkedIn – Brandon Arnold](#)

Justin Olsen has 35 years' experience as a transportation attorney focused particularly on freight brokers. He is recognized for identifying and developing innovative solutions to mitigate legal and practical risks in the transportation sector. Olsen recently joined Specialty Program Group - LogistIQ Insurance Solutions (SPG-LogistIQ) as VP Legal, Risk and Stakeholder Relations. SPG-LogistIQ is a Managing General Agent and insurance wholesaler in the transportation space, that also offers certain shipper's interest insurance products. Prior to joining SPG-LogistIQ, Olsen served for 10+ years as VP Legal & Risk for England Logistics, Inc., a leading 3PL brokerage, where he oversaw all legal, risk and compliance issues and was a member of England Logistics' Executive Team. Olsen also recently served as a member of the Board of Directors for Transportation Intermediaries Association ("TIA") and serves on numerous TIA Committees and Task Forces, including TIA's Fraud & Cargo Theft Task Force; Highway; Carrier Selection Framework; Contracts; and as Chair of TIA's In-House Legal Committee. Olsen has also served on the Executive Committee of Transportation Lawyers Association ("TLA"). Olsen first started in the transportation industry in 1989

working as in-house legal counsel for two different large motor carriers. He was then in private law practice for over 20 years, with a heavy emphasis and focus on truck transportation and brokerage and was co-founder of the Salt Lake City law firm of Olsen, Skoubye & Nielson, LLC in 2002 (n/k/a Skoubye, Nielson, Johansen & Baxter, LLC) [LinkedIn – Justin Olsen](#)

David J. Pezzutti is a senior security and risk executive and retired Assistant Special Agent in Charge with Homeland Security Investigations (HSI), with over two decades of leadership across federal law enforcement, national security, and global operations. He has led complex investigations and intelligence-driven initiatives targeting transnational criminal organizations and national security threats and previously served as a Section Chief in HSI's National Security Investigations Division in Washington, D.C., overseeing global counterterrorism, terrorist financing, and interagency programs with the Department of Defense and Intelligence Community. He also served as the senior HSI liaison to Joint Special Operations Command, including deployment to Afghanistan, and was awarded the Office of the Director of National Intelligence Fusion Award. He is currently serving as a senior official for counterintelligence and insider threat programs with Lockheed Martin, advancing enterprise risk mitigation, threat detection, and security governance. He brings deep expertise in investigations, executive protection, and strategic security operations, and has instructed at the Joint Special Operations University, JFK Special Warfare Center, and Johns Hopkins University. He holds a bachelor's degree from Metropolitan State University of Colorado and advises organizations on global security, insider risk, and organizational resilience. [LinkedIn – David Pezzutti](#)

Paul Ganz is an operations, supply chain, security, and risk advisory executive with over 25 years of experience supporting large, complex organizations across retail, manufacturing, and global supply chain environments. He works with companies to protect assets, reduce loss, and improve operational performance through practical, execution-focused approaches. Paul has built and led enterprise security and asset protection programs for multi-billion-dollar organizations, including publicly traded companies navigating periods of growth, transformation, and elevated risk exposure. His work has focused on modernizing programs, strengthening operational discipline, and improving visibility across supply chain and field operations. Known for his pragmatic, operator-first approach, Paul partners closely with executive teams to address real-world challenges such as shrink and fraud, supply chain vulnerability, internal theft, workplace safety, and business continuity. His experience across both corporate and field environments enables solutions that are scalable, credible, and aligned with business realities. [LinkedIn - Paul Ganz](#)

Rod Fulenwider is currently the Vice President of D & L Protective Services. He was previously the Executive Director for D & L Protective Services. Prior to D & L he was the Managing Director for Pinkerton Consulting and Investigations. He has served in executive loss prevention and security positions with companies such as Blockbuster Entertainment and Loomis Fargo. Rod also served as Manager of Corporate Security for Exel Logistics and in management positions with Sears and Neiman Marcus. He served eight years in the United States Navy and worked as an adult probation officer for the State of Texas. Rod has a bachelor's degree in criminal science from National University and a master's degree in professional development from Amberton University. He has published articles in several professional periodicals with his most recent articles in Loss Prevention Magazine. Additionally, he has written a book entitled A Manager's Guide to Workplace Violence (no longer in print). His first crime fiction book is entitled; Thou Shall Not Steal, his second novel is entitled The Adulterer, and his third novel is entitled The Weight of Money. His specialties include workplace safety, executive/personal protection, workplace training/program development, internal theft, investigations, active aggressor, workplace violence and program development. Rod has been a guest

speaker on subjects such as active aggressor/targeted violence, security for houses of worship, internal theft, armed robbery, executive protection, workplace violence and other topics. Rod is certified as a Texas Infrastructure Liaison Officer. He is also a certified Human Trafficking Investigator as well as a Professional Interviewer/Interrogator. He is a graduate and a former board member of the Dallas FBI Citizens Academy. Rod is also a graduate of the Drug Enforcement Administration (DEA) Citizens Academy and The Secret Service Citizens Academy. Rod is the co-founder and Past Chairman of the International Supply Chain Protection Organization and served on the advisory board to the University of North Texas School of Criminal Justice. In his current role at D & L Protective Services he has direct oversight of global operations including all security and loss prevention programs, executive protection (i.e. company executives, high profile individuals, politicians, pastors, etc.), workplace protection (i.e. terminations, stressful events), investigations, surveillance, security consulting, active aggressor training and other security related elements for multiple companies, schools, houses of worship and organizations.
